Allowable Subject Matter

1. Claims 1, 2, 4 and 6 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The prior arts of record do not anticipate or render obvious to one skilled in the art a display device comprising various elements as claimed, more specifically a terminal portion of the spare wiring being composed of first and second portions that are separated and electrically isolated from each other and wherein the first portion is so disposed as to reach an edge of a substrate of the display panel and be linked with a terminal disposed on a tape carrier package, and the second portion is so disposed as to be linked with the spare wiring is considered novel.
4. The closest references USPAT 6,864,937 and USPAT 4,840,459 discloses a display device having display portion, terminal portion and spare wiring wherein the terminal portion of the spare wiring is composed of first and second portions. However, none of the references alone or in combination with any other prior art references teach or suggest the claimed display panel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
